

We are seeking psychologists to join our thriving psychological practice. With locations in York Region and the Greater Toronto Area, our growing practice is centered on providing compassionate, evidence-based and culturally-sensitive care to patients. We are also interested in creative mental health solutions, knowledge expansion and community outreach. Authenticity and innovation are important components of this psychology practice; like-minded individuals are invited to join us in our efforts.

**POSITION:** Psychologists (available immediately, either part-time or full-time)

**LOCATION:** Downtown Brampton clinic

**SALARY:** Fee for Service

**RESPONSIBILITIES:**

- Conducting semi-structured diagnostic assessments and specialized assessments, which may include testing, report writing, feedback and interprofessional collaboration
- Providing informed and high-quality individual treatment services for a variety of presentations, including specific anxiety and mood disorders; niche treatment areas also welcomed (e.g., sleep disorders, hoarding, psychosis, eating disorders)
- Engaging in comprehensive and collaborative care, including attention to biopsychosocial factors, working together with practice associates and external professionals/agencies, as required
- Provision of clinical duties in an ethical manner with attention to professional responsibilities and growth

**QUALIFICATIONS:**

- Ph.D. in Psychology
- Current registration in good standing with The College of Psychologists of Ontario (individuals in supervised practice also accepted)

- Declared competency in Clinical, Counseling, Health and/or Rehabilitation Psychology; no restrictions on license to practice; declared competencies with one or more of the following: Children, Adolescents, Adults, Couples;
- Training and experience in providing evidence-based assessment and treatment
- Experience with treatment modalities, such as Cognitive Behavioural Therapy, Acceptance and Commitment Therapy, Dialectical Behavioural Therapy, exposure and response prevention, or other evidence-based treatment approaches
